HAPPY 50TH ANNIVERSARY TO THE MOON VALLEY WOMEN'S CLUB!

Pat Clegg's rambling about the Moon Valley Women's Club.

Being a member of the MVWC has been a glorious time of my living years in Moon Valley. I didn't know that such a Club existed.

I joined in 2006. Participated in Tuesday Morning Blook Club, Red Hats (Now, Matinee Group), was one of the original Cribbage group, and so enjoyed every monthly luncheon. The women of this club have proven over the years to be generous and caring, thoughtful, and hard working. Socializing is a valuable part of it too.

Betty Silva and I took on the Auction when it was allowed to be "Second Hand" treasures! They were dropped off in my garage and Betty and I cleaned them up, arranged in baskets or trays and hauled them to the Country Club for our February fund raiser. We thought we had encouraged a decent amount of cash. Only now we have been matched three and four times more with new items. New is the way to go, as well as gift cards and baked goods. The Chairs for the Auction are such a blessing.

I went through a lot of titles on the board and learned so much about our organization. It has been fantastic.

Becoming President was a delight. I could always throw in a Joke from the podium and connect with the ladies and our entertainment for the luncheons. The board women that served alongside me were dedicated, wiling and super.

THIS IS A UNIQUE AND AMAZING CLUB.!

Our members may vary from year to year, but the Spirit of having Fun, sharing our Gifts and Talents, and caring for One Another is so authentic and real.

Dedication of you all is what makes our Club Service Projects, our monthly gatherings, along with the Opportunity to serve and spend time with others so wonderful.

I sincerely hope this club is carried on in the future with this admirable intention and responsibility.
